Ladies are cordially invited to make use of the rest room especially provided for them.

## THOR VACUUM CLEANER

Glides smoothly and quickly over the floor, and easily gets into all the hard-to-reach places. You can push a Thor with one hand—and it will not tire you a bit—no matter how many rooms you clean with it.

It's simple—just attach a cord to any electric connection and you are ready. The controlling switch in the handle turns the current on or off instantly.

**Price \$30.00**

Ask for Demonstration

The Thor is not only built for one cleaning day—but it will give efficient satisfactory service for years. The tireless sturdy little motor is always ready to do the hard work of Cleaning Days—always ready to save you from that toil of sweeping.

## SPORT

Superior basket shooting enabled Central High School of Kansas City to defeat the Warrensburg Training School by a score of 49 to 36 in the final game of the high school basketball tournament Saturday night. The game was closer than the score indicates. Warrensburg's floor work was good and the ball was in play at Central's end of the court much of the time, but many attempts at the basket by the Warrensburg team were unsuccessful.

Warrensburg ran up a lead early in the game. Three field goals by Dorland and one by Giltner made the score 8 to 0 in Warrensburg's favor. After Foster had scored for Central, field goals by Hanna and Giltner made the score 12 to 2. After that Central gained steadily, Duvall and Foster leading in the scoring. The half ended with Warrensburg leading 20 to 18.

Hanna was the first to score in the second half. A goal by Burke and three in rapid succession by Duvall sent Central into the lead. Central increased this lead as the game went on. Warrensburg grew erratic in passing and in shooting goals and the final score was 49 to 36.

The game was a good exhibition of high school basketball. It was characterized by clean playing, a personal foul in the first half and a technical foul in the second half being the only fouls called during the game. The dribbling and passing by both teams were good. Central's basket shooting and Warrensburg's guarding were other features. Foster of Central led in scoring with eight field goals. Giltner, a Warrensburg guard, shot seven baskets; Burke, a Central guard, threw six field goals.

Central High School won last year's tournament here. The team has lost only one game in the last four years of play in Missouri and Kansas. In the four tournament games which Central played it scored 208 points. Warrensburg scored 152 points in four games.

The score follows:  
K.C. H. S. (49) Warr's b'g T. S. (36)  
Duvall, rf. Herman Smith, lg  
Browning, lf. Giltner, rg  
Foster, c. Herbert Smith, Rankin, c  
Burke, lg. Dorland, rf  
Soden, rg. Hanna, lf  
Baskets from floor—Foster 8, Duvall 7, Giltner 7, Dorland 7, Burke 6, Hanna 4, Browning 3. Baskets on free tries—Duvall 1 out of 2. Technical foul—Herbert Smith. Personal foul—Herman Smith. Referee—Miller (Missouri).

Increased interest has been manifested in baseball since the weather has permitted practice out of doors, according to Coach J. F. Miller. More men are coming out to practice. Henceforth, the men will be drilled in offensive work, and stress will be laid on hitting, bunting and base running.

Since the close of the basketball season Slusher has been able to come out. He is covering first base. Several shifts have been made in the lineup. Dennis has been brought to shortstop from the outfield. "King" Dippold, outfielder and pitcher, is hitting the ball with his usual ease. "Bunny" Morris, who played his first season as catcher last year, has returned to the game. With a year's experience behind him, much is expected of Morris. Summa is a new man, but the way he is displaying indicates that he is good for an outfield position. Canterbury, who has been playing the outfield, is trying out at third base. Ogilvie, Haas and Hebbler are other men who are showing well in the infield positions.

Coach Miller says that the need of the Varsity in baseball is pitchers. Splendid work is being done by those available. Urie looks well as a pitcher all the time and will make one of the best hurlers the Varsity has ever

had. Doolin did good work during the indoor season but he has a sore arm. If he "comes back," he will be a great aid to the pitching staff. Dippold is throwing some. The games this year will be played in series of threes, and several more good pitchers are needed.

Now that the practice is held outside, Coach Miller urges all to be out for practice at 3 o'clock.

The first call for freshmen will be at 3 o'clock tomorrow afternoon. "It is very important," said Coach Miller, "that the freshman material be given the right training so that it may be of service to the Varsity next year." The freshmen will work on Tuesday, Thursday and Saturday afternoons. Excuses from military drill will be given to those persons who show sufficient ability in baseball to justify the action.

## The National Livestock Market

NATIONAL STOCK YARDS, EAST ST. LOUIS, Ill., Mar. 11.—The live stock market for today was as follows:

HOOGS: Receipts 22,000; Market 5 to 10c higher.

## REFINERIES MUST REPORT

To Send List of Shipments Daily to State Food Administrator.

To assist in obtaining an equitable distribution of sugar during this period of shortage, the United States Food Administration has requested all refineries in the country to send daily, to the federal food administrator of each state in which the refineries are doing business, a list of shipments made to that state.

"This statement," the request says,

"should include the name of the consignee, and the number of pounds of sugar shipped to him. If shipped in pool cars, notice to that effect should be given and a list of the buyers who are to receive the sugar from the pool car. If the car is shipped to your broker's agents or representatives on consignment, notice to that effect should be made on the statement to the Food Administration. Please to inaugurate this system immediately."
